Project description : _____
Contactperson project : _____
Telephone project : _____
Project size : new building / renovation*
Date of start with bonding : _____ Completion date : _____

Project specification

Applied bonding system : TWEHA PanelMate / StoneMate / MetalMate / GlassMate / SolarMate / iTec
Type of supporting wall structure : _____
Type of supporting structure : non preserved wood / perserved wood / aluminium / other*: _____
Type and brand of the panel : _____
Maximum panel dimensions : _____ x _____ mm Panel thickness : _____ mm
Weight of panel according to manufacture : _____ kg/m² Panel application : _____ horizontal / vertical*
Façade- / wall- / ceiling surface* : _____ m² Insulation thickness : _____ mm
Depth of the cavity : _____ mm Location of bonding : _____ interior / exterior*
Building length : _____ m¹ Wind load : _____ kN/m²
Building width : _____ m¹ Cavity closer : _____ yes / no*
Building height : _____ m¹ Contract sum : € _____
Pitch : _____ m¹ (maximum compensation: € 80,-/m²)
(CAD) drawings supplied : Overview Façade elevations Vertical diameter
 Details Ceiling details
Details verified by Tweha : yes / no* (Detail assessment has to be enclosed)
